Don't let the sun catch you cry - in'  
2. The night time shadows dis - ap - pear  
3. If you should come to dis - co - ver

The night's the time for all your tears  
And with them go all of your tears  
That you've been left for a - nother

Your heart may be bro - ken to - night  
But the mor - ning will bring joy  
Just re - mem - ber love's a game

But to - mor - row in the mor - ning light  
for ev - ery girl and boy  
that can al - ways come a - gain

Don't let the sun catch you cry - in'  
so don't let the sun catch you cry - in'  
so don't let the sun catch you cry - in'

We know that cry - in's not a bad thing

But stop your cry - in' when the birds sing
